

The Mirror Cube

Guard Houses

The guard house range have all been independently tested to FB7/BR7 and includes 3 distinct models to suit various client requirements.

Titan – Shaped for military and government use with a more aggressive appearance. The Titan is the guard house of choice for armed forces, embassies and high security locations.

Aspis – Designed to blend in with its environment. It is used for offices, industrial buildings, hospitals and anywhere that needs discreet high security.

The Mirror Cube – Our highest specification guard house. It has been designed to create an aesthetically pleasing building whilst still providing the highest level of ballistic protection.
